Break-Ins Involve 3 Markham Boys

David Sayers, 16, and Ronald Smalley, 17, both of Markham and Patrick Caine, 18, of R.R. 1, Markham, were arrested on January 12 and will face two charges of break, entry and theft.

The offences occurred at the logging camp of Clayton Stamp and a camp owned by Wilfrid Smith.

Among the articles stolen were lamps, pads, mattresses, food blankets and a .303 cali-

bre rifle and ammunition.

They appeared in court on Monday, January 16 and were remanded until January 25.

Due to questioning in Haliburton, the trio will probably be faced with many other charges laid by no less than five other police departments.

Investigation locally was carried out by O.P.P. constable G. Mountstevens, assisted by our local constable Alfred Burke.

Lutterworth Council Inaugural Meeting

The inaugural meeting of the Lutterworth council was held at the Messrs. Hounsell residence Monday afternoon, January 9, with all members present.

The clerk then read letters from the Ontario Good Roads Association advising their convention is to be held at the Royal York Hotel on the 20, 21 and 22 of January. The Ontario Association of Rural Municipalities will be having their convention at the King Edward Hotel, February 13 and 14. Subscription forms to the Municipal World magazine were renewed for another term.

Griffiths as medical advisor; 1056 ditch inspector; 815 relief officer; 159 fence viewer; and 459 pound keeper.

Mr. Art Hodgkinson brought up the subject of a municipal building. It then continued into a general discussion by all members with a suggestion from Roy Brooks the clerk write the Dept. of Municipal Affairs obtaining information as to whether this could come under the winter works program.

Moved by Art Hodgkinson, seconded by Roy Brooks, the clerk's wages be increased to \$1,500. Carried.

Moved by Art Hodgkinson,

seconded by Roy Brooks, the account of \$464.21 be paid the road superintendent for maintenance of the township roads for the month of December and latter part of November. It was mentioned this amount is far less than last year at the same time.

Moved by Roy Brooks, seconded by John Harrison the meeting be adjourned until Wednesday, February 1 at 7.30 p.m.

LINDSAY DISTRICT COMMUNICATIONS SYSTEM

Many people have noticed a small building located four miles north of Lindsay in the shadow of a 100 foot steel tower.

The sign indicates that this is a Dept. of Lands and Forests radio station.

From this control station, for the Lindsay district, contact is made with field offices located at Minden, Gooderham, Haliburton, Apsley, the regional office at Peterboro, and the office in Presqu'ile provincial park.

Nineteen radio equipped vehicles and 36 portables are located throughout the district.

To further assist in protecting our forests from the ravages of fire, all fire towers are equipped with two way radio which enables them to report directly to their chief ranger headquarters.

The care and maintenance of this radio equipment in the Lindsay district is the responsibility of the communications technician, Bill Malvis.

Reeve Sisson Of Dysart Chosen County Warden

Holly L. Sisson received the highest honor that this county could bestow upon him when on Tuesday at the session of county council he was elected warden without any opposition.

The new warden is a resident of West Guilford and has taken a keen interest in municipal politics for some time, being elected to the Dysart council in 1955.

After serving on council he stepped up to the office of deputy reeve and for the past two years has been reeve of Dysart.

Last year he was elected reeve by acclamation in Dysart which is quite an accomplishment as it is on very rare occasions in the municipality that the reeve is accorded an acclamation.

The new warden is married and the father of eight children—four boys and four girls. He is a member of the Orange order and North Entrance lodge, A.F.&A.M. at Haliburton.

Despite his occupation as a buyer for Hay & Co. and his interest in municipal and fraternal organizations, Holly Sisson devotes considerable time to the advancement of St. Andrew's Anglican Church, West Guilford, of which he is presently serving as people's warden.

We feel that county coun-

cil is to be congratulated in electing Holly Sisson as their warden and we are sure that he will render this county

comparable service with the many fine citizens who have held this high office in the past.

120 Curlers Enter 2nd Skyline 'Spiel

Haliburton will be host to close to 120 visiting curlers when the second annual Skyline bonspiel gets under way this week end.

Oversubscribed, this popular 'spiel has a waiting list for cancellations from its 32-rink registration.

On hand to defend their trophy won last year will be Bill Peterson, Bicroft, main event Adam-Labatt's winner; Ivan Free, Bicroft, Moore-Esso winner and Lou Consky with his Toronto quartette, winners of the Kennis Development trophy.

New faces this year include well known summer residents, Dr. C. L. Bates of Dundas, Bill Harf of Mt. Hope, Bud Kaple of Oakville. Other well known personalities include Carl Hussey of Cornwall, Cliff Brealey of Thornbury, Vince Fountain of Orillia and Norm Duncan of Brampton.

Oshawa entrants need no introduction and will be here in full force lead by such curlers as Newt Richards, Joe Balahood and Fred Fordham.

The big event, engineered by the Haliburton curling club's bonspiel chairman, Jack Robertson and his as-

sistant Russ Dart, have lined up some \$600 in prizes.

Rinks will represent some 17 curling clubs which speaks well for the type of spiel.

The first stone will be thrown Friday at 7 p.m. with first draws at 9 and 11 p.m. and Saturday at 8 a.m.

Draw masters Mervyn Robertson and Don Johnston have promised a smooth running spiel with the finals being played Sunday at 6 p.m.

As an added innovation this year the ladies section will handle soup, sandwiches and coffee throughout the spiel with special hot mid-day meals on Saturday and Sunday.

Four Youths Remanded

The four young men of this area who are charged with breaking and entry at a

resident at Eagle Lake, came up for trial on Monday morning but were remanded until Friday.

We understand that the police are endeavoring to ascertain if there is any connection between any of the members of this group and the other break-ins that have occurred here lately.

HALIBURTON NEWS LETTER . . .

We wish to compliment those men who are in charge of keeping our roads free of snow in this municipality. One has only to travel through other villages of like size to appreciate the job that is being done locally in this connection.

We are glad to see Harry Brohm, who recently underwent surgery in the Ross Memorial Hospital, on the streets again. Things were kind of quiet around here without you, Harry.

At time of writing we have very little snow in comparison to what we have had in the last two winters. The weather, which we have had

during January is what we would expect in the latter part of March.

In reading newspapers which emanate from other centres, we note that many smaller places are making preparations for sewage disposal and others are considering water works. It would seem that now is the time we in Haliburton should be looking into these matters.

The many friends of Mr. George Potts, who is a patient in Sunnybrook hospital, will be sorry to learn that it was necessary to amputate one of his legs. George Potts has a host of friends all over

this area, especially among members of the Canadian Legion of which he rendered great service during the time he was zone commander. His many acquaintances wish him the best of health under the circumstances.

While this news may be a little late, we wish to announce that the draw which was held under the auspices of L.O.L. 975 was one of the most successful ever held by the lodge. Raymond Scott was the winner of the first prize 20 pound turkey. Second prize of a 17 pound turkey went to Russell Robertson of Lochlin. Jack Rae held the ticket for the third prize of a pair of chickens.

HALIBURTON W.A.

The first meeting for the new year of the Haliburton W.A. met at the home of Mrs. W. R. Curry on January 11.

The president, Mrs. J. A. Robertson, opened the meeting with prayer and all repeated the Mary Stewart Collect and also joined in singing the theme song "Let the Beauty of Jesus Be Seen in Me."

The devotions were conducted by Mrs. W. R. Curry who introduced the theme for the new year, "Jesus Christ, the Light of the World in Church Unity." She gave a reading entitled "We are the Light," and Mrs. Wes Baker read the scripture.

During the business session, membership fees were received. Several notes of thanks were read from recipients of the Christmas plants.

Mrs. J. M. Dack, Lindsay, president of Lindsay presbytery W.A., will be present at the February meeting to give an address at which the Evening Auxiliary will be guests.

A number of members reported having heard the account of the January meeting read over CKLY. Prints and wools were distributed.

Lunch was served by Mrs. H. Black and Mrs. L. Pritchard after which a social hour ensued.

IN QUEST OF YESTERDAY A HISTORY OF HALIBURTON

by NILA REYNOLDS

(Copyrighted)
Twenty-Seventh Instalment
THE MINDEN STORY
Chapter 11
(Continued from last week)

IN a work of this kind it is impossible to deal with all the important figures who contributed to the growth of the Minden community. In many cases their prominence has been obscured by time or their names, lost to posterity, are recorded only in heavenly ledgers.

If one were forced to select only one name from the list of early residents worthy of remembrance and recognition the choice would probably be Charles Dobbins Curry, B.A., M.D., whose influence can still be felt in the village through which the Gull River flows.

Staunch churchman, ardent photographer, one time post master, druggist, inspector of public schools and in turn reeve and warden of the county, he filled all these posts with distinction and still found time to conduct successfully a medical practice.

Wherever disease and disaster struck, in their wake came this courageous knight of the frontier riding the lonely forest trails armed only with a stout heart and a doctor's black bag.

As road conditions improved, the doctor purchased a light buckboard, the first in the whole area. When the snow came he switched to a cutter. The arrival of his famous piebald horse at a cabin in the wilderness was notification that the summons of the Grim Reaper would not go uncontested. Even when the struggle was a losing one, the compassionate presence of Dr. Curry brought comfort to the bereaved.

One of the most dramatic of Dr. Curry's encounters with the Black Angel occurred in March during the spring break up when travel by any vehicle was almost impossible. A

young Minden man, the son of Mr. and Mrs. William Gainor, Bert, was taken suddenly ill at his home. An examination by Dr. Curry revealed the presence of an acute appendix. Travel to Lindsay was clearly out of the question so, summoning Dr. Graham of Fenelon Falls to assist, Dr. Curry prepared the family kitchen as his operating theatre and Fred Stinson was delegated to hold the coal oil lamp by which the skillful doctor prayerfully removed the inflamed organ. The patient recovered in record time and by July was so hale and hearty that he paddled his canoe to victory in the Dominion Day races.

Using his position as reeve to advantage, Dr. Curry often authorized aid to the destitute. Ed. Nolce's account books reveals sick room delicacies for the impoverished which were signed for by the good doctor. It was through his untiring efforts that a number of local handicapped children were sent to the school for the deaf and dumb at Belleville and the school for the blind at Brantford.

Born in Peterboro county December 22, 1843, Dr. Curry was the son of an emigrant from County Armagh in Northern Ireland, William Henry Curry and Sussana Hughes Hale who raised eight children out of a family of nine. Before studying medicine at the University of Toronto, Charles D. Curry taught in a rural school. His knowledge of educational problems gained by practical experience behind a teacher's desk prepared him for the time when he was called upon to serve as inspector of public schools for Haliburton county. A daughter of his first marriage, Louise, was among the Minden area's early teachers.

At the age of 26, after graduating from the university, Dr. Curry set up practice in 1869 in Minden village. Outside of the doctors sponsored by the Canadian Land and Immigration Co., he was the first doctor in the county.

In 1878 he was appointed inspector

of public schools, a post which he filled for 17 years. During this time the model school, an extension of the Minden public school, was in operation to train teachers for service within the county. On graduation from this institution a public school teachers third class certificate, signed by three examiners and the inspector was granted the applicant which was valid for three years within the county and could be renewed only on the recommendation of the inspector.

A portion of the address delivered at the presentation of a microscope to Dr. Curry by W. Leith of Haliburton, himself a noted educator for 27 years, on behalf of the county's teachers September 10, 1895, best describes the progress made during his regime:

"Rough log structures, in many cases affording but a partial protection from the wind and weather, have given place to neat, commodious, comfortable frame school buildings that would be quite creditable to more opulent communities than many of our small school districts are."

Dr. Curry's last report to the county council on the public school situation is included in the county council minutes of the June session, 1895. They present an excellent summary of education as it existed in the county:

Public Schools of the County—1894

Anson (2)	\$1283.65
Cardiff (7)	\$1386.00
Dysart et al (9)	\$2726.24
Glamorgan (6)	\$1423.66
Lutterworth (7)	\$1174.89
Minden (9)	\$1973.18
Monmouth (5)	\$747.99
Snowdon (4)	\$1307.74
Stanhope (5)	\$1023.23
Total schools 54	\$13,043.60

To pay for the maintenance of these 54 schools, the government grants amounted to \$3,285. Of this \$2,415 was the poor school grant; \$720 was the legislative grant and

the remaining \$150 was made to the model school. Local taxation had to raise \$9,758.

County school registers distributed the 1,690 pupils as follows: first class 818, second class 334, third class 334, and fourth class 204. These children were taught by 57 teachers, four of whom held second class certificates, four had interim certificates or "permits" while the remainder taught with a provincial third class or district certificate.

Dr. Curry notes that "the teachers institute and model school are doing good work though both are handicapped by imperfect preparation of students. I suggest that teachers with district certificates should be restricted."

Dr. Curry's youthful teacher graduates faced a staggering variety of problems. Too often they were only a few years older than their own entrance class when, with a scant year's preparation they were forced to cope with inadequate teaching facilities, a scarcity of text books and materials, bad attendance fostered by community prejudice to education plus that ever present hazard which still plagues the teaching staff—discipline.

Oh those high spirited school boys! What could they not think of to annoy and perplex an unwary teacher? One original lad who snared a woodchuck on his way to the classroom secreted the unwilling animal in the top drawer of his teacher's desk. When she opened it the frightened beast catapulted out with bullet-like velocity striking the teacher on the chest with such impact that chair, teacher and distracted woodchuck went over backwards in a crash that shook the room. When the uproar subsided only the poor teacher's high buttoned boots were showing over the desk top.

The period ended on a goal by the team's leading scorer, Geo. Nicholls on a pass from M. Dickey. The score at the end for the period was 2-1 for Haliburton.

In the second period the Huskies scored seven times. Lyle Stamp opened the scoring and then Geo. Nicholls came up with three, Stuart Baker with two and Merv. Bain with one. Coboconk scored two, ending the period 9-3.

In the third period ace Nicholls picked up his fifth of the night on a pass from Stuart Baker. Stuart Baker, Curry Bishop and Merv. Bain also scored.

It was a very clean fought game but the Haliburton Huskies had too much power for the Coboconk team.

DON'T SEND... TAKE YOUR BOY TO THE ARENA

MINOR HOCKEY WEEK STARTS JAN. 21

This coming Saturday marks the start of Minor Hockey Week in Canada. It also marks the start of Minor Hockey Week in Haliburton county.

In all the arenas throughout the county, at West Guilford, Wilberforce, Minden, Haliburton, young hockey players will be heading for the arena to play hockey.

In this fast moving world that we are living on, we must take time out to see that our boys are taken to the arena—not sent.

It's a great inspiration for the boys to see their parents there cheering them on.

On the front page of this paper nearly every week we are hearing of boys being sent to jail. But we wonder if the parents of these boys had taken the time to take them to the arena and show some interest in them if they would have turned out to be juvenile delinquents.

Some times we seem to be all wrapped up in our own private activities and consequently there is not enough time left for the children.

So let's start this Saturday to take the boys to the arena and make it a habit to keep it up all year round.

THE ECHO SPORTS

Huskies Win Over Lt. Britain

Haliburton 9
Little Britain 7

The Huskies' big line of Stu Baker, George Nicholls and Lyle Stamp accounted for all their goals as each one came up with a hat trick. All together they accounted for 19 points.

In the first period Lyle Stamp got the Huskies off on the right foot, scoring his first goal on a pass from G. Nicholls.

Nicholls came right back in a matter of seconds to make it 2-0 on a pass from Stamp and R. Bain.

Stuart Baker made it 3-0 with an assist going to G. Nicholl and L. Stamp.

In the second period Baker scored two in a row to make it 5-0, the first of the period unassisted and Stamp and Nicholls drawing assists on the second one.

Stamp got his second goal of the night from G. Rae and G. Nicholls and at 6-0 it from Stamp.

BROOM BALL GAME TO HIGHLIGHT MASQUERADE

Come one come all to the old time masquerade carnival to be held at the Haliburton community arena on Friday, January 27 at 8 p.m.

The big evening is being sponsored by the Haliburton United Church Evening Auxiliary. Prizes will be given for costumes and races.

The highlight of the evening will be a broom ball game between the ladies of the evening auxiliary and the men of the Haliburton Rotary club.

This should be a great night and one that you won't want to miss. Admission will be 50 cents for adults, students 25 cents and children under 12 year, 15 cents.

looked like a run-away.

Little Britain, who had had bad luck around the net finally found the target and slammed in four goals to get back in the game.

Stamp got his third goal of the night on a pass from Baker and Nicholls to make it 7-5 at the end of the second.

In the third period each team scored twice. The Huskies goals were scored by G. Nicholls, the first unassisted and the second on a pass

MINDEN SKI CLUB

Highlight of the opening membership meeting of the Minden ski club was the presentation of a scroll to its first registered member, Mr. Robert Martin, father of Mrs. R. H. Pratt and Mr. Vic Martin of South Lake. He has been interested in the formation and development of the ski club and made his donation at the first meeting.

Following the meeting on Saturday at the Minden recreation centre, a number of members visited the ski hills which the club has leased from Mr. Murray Hewitt on the Scotch Line, and enjoyed an hour's skiing.

Anyone interested in joining the ski club may contact any of the executive: Rev. T. Gracie, Miss Paula Lahay or Mrs. Wilf Lahay at the Rockcliffe hotel, Mrs. Harry Garner, Mr. Irving House or Mr. Verne Graham.

Club crests will be available shortly and a social get together is planned for the near future.

In Memoriam

Perry—In loving memory of a dear husband and father, Frederick Hugh Perry, who passed away January 20, 1957:

Every day in some small way Memories of you, dad, come our way, Though absent you are ever near, Still missed, still loved, and ever dear. —Lovingly remembered by wife and family.

Horsley—In memory of a loving husband, father and grandfather, Gordon (Joe) Horsley, who passed away January 21, 1960:

Mr. and Mrs. Garnet Lazier and Charles spent their New Year holiday with John and Harriet Bumister in Ridgeway.

The Minden Monarchs are host to the Sunderland team on Saturday night in the arena in the tri-county ORHA league.

Minden main group W.A. met in the church hall January 5 with 21 members present. The meeting opened with the theme hymn and Mary Stewart Collect, led by the president. Group 2 was in charge of the devotional period. Mrs. Arnold Coulter led in prayer and read a passage from the fourth chapter of St. Luke. The topic was taken by Mrs. Wm. Moore and was very inspiring. Mr. O'Neil gave a demonstration on the use of fire extinguishers. The minutes were read and approved; the annual treasurer's report was given by Mrs. D. Cox and showed that the ladies had a very busy, as well as profitable year. We had some discussion about our future plans which include a Mother's Day tea and a summer bake sale. The meeting closed with benediction by Mrs. L. Coburn. Delicious refreshments were served by group two ladies.

The January meeting of the W.M.S. was held at the home of Mrs. Lorne Coburn last Thursday afternoon. A tape recording was played of a panel discussion by four informed members of the commission of women's work. They explained how the new organization for women of the United church will be brought about and will work. Mrs. Coburn read another chapter from the study book entitled "The Making of the Seamless Robe." A very tasty lunch was served by the hostess. The next meeting will be at the home of Mrs. L. A. Rogers.
